Sylhet, Bangladesh

+8801 726 308 391

PROGRAMMING EXPERIENCE:

- **Expertise:** HTML5, CSS3, Bootstrap, Tailwind, Material Ui, Sass, JavaScript & React JS.
- **Comfortable:** MongoDB, Node JS & Heroku.
- **Familiar:** Firebase.
- **Tools:** Git, ChromeDev Tool, VS Code, Photoshop & Figma.

EXPERIENCE:

- **React Developer - MeetTech Lab** - Full-time - Jun 2022 - Jan 2023 - Sylhet, Bangladesh.
As a React developer at MeetTech Lab, I am responsible for building high-performance web applications that deliver exceptional user experiences. My key achievements include developing a complex web application with a 100k+ user base, reducing the loading time by 70% through code optimization, and implementing advanced features such as real-time data streaming.
- **Skills:** HTML/CSS · Web Development · Agile Methodologies · JavaScript · React.js

WORKING PROJECTS:

1. Ibn Sina Hospital Limited

[Live Server](#) | [Github Client Site Code](#)

- **Description:** Developed a dashboard for healthcare providers to manage patient information, appointments, and medical records. The dashboard was built using ReactJS and integrated with a secure back-end API for storing sensitive patient data.
- **Technologies:** ReactJS, JavaScript, HTML/CSS, Node.js, React Bootstrap, React Router Dom, React Hook Form, API, and Axios. **Role:** Front-End Developer.
- **Results:** The dashboard was successfully implemented in several healthcare facilities and received positive feedback from providers for its ease of use and streamlined workflow.

2. DJI Official Demo Site

[Live Server](#) | [Github Client Site Code](#) | [Github Server Site Code](#)

- **Description:** Developed a fully-functional e-commerce website using ReactJS and integrated it with a payment gateway for secure transactions.
- **Technologies:** ReactJS, React Hook, React Router Dom, JavaScript, HTML/CSS, Node.js, MongoDB, ExpressJS, Firebase, Axios, and Tailwind CSS. **Role:** Full-Stack Developer.
- **Results:** The website was successfully launched and received positive feedback from users for its fast performance and user-friendly interface.

3. Food Wagon

[Live Server](#) | [Github Client Site Code](#) | [Github Server Site Code](#)

- **Description:** Built a social media platform for users to connect and share content with their friends. The platform was built using ReactJS and integrated with a real-time database for seamless and dynamic updates.
- **Technologies:** ReactJS, React Hook, React Router Dom, JavaScript, HTML/CSS, Node.js, MongoDB, ExpressJS, Firebase, Axios, and Tailwind CSS. **Role:** Front-End Developer.
- **Results:** The platform was successfully launched and received positive feedback from users for its intuitive design and easy-to-use features.

EDUCATION:

Islami Bank Institute of Technology — *Diploma In Engineering* **Department:** Computer Technology,
Result: 3.45 out of 4.00, **Session:** 2018-2019, **Passing year:** 2022.

CERTIFICATION:

1. Successfully Completed the course on "**Web Design & Development (Laravel)**" Conducted by Datacraft Ltd and supported by **Bangladesh Hi-Tech Park Authority**.
2. **English:** APTIS, Forward-thinking English testing exam passed, supported by **British Council**.
